Monte Grande is unusual amongst the Prà  Soave portfolio, as it includes a portion of Trebbiano di Soave, a local variety related to Verdicchio which contributes perfume and texture. The blend of grapes, partial drying of the Garganega grapes on the vine, fantastic single vineyard site and fermentation in large oak casks - all contribute to the wine's tremendous complexity and elegance.

## Production

The grapes are sourced from 'Monte Grande', a low yielding, south-facing vineyard plot on this 14 hectare estate, situated near the town of Monteforte d'Alpone in the Classico sub-zone. The 40 year old vines are cultivated in volcanic soils at 150 metres above sea level.The stems of the Garganega bunches (not Trebbiano) are cut a short time before harvesting to allow the grapes to dry slightly on the vine and concentrate the flavours. The grapes are then harvested in mid October. Selected bunches of grapes are softly pressed and fermented at a controlled temperature of around 18 degrees centigrade. The must is fermented in 15-20hl Allier oak casks, where the wine is then aged for 10 months.

## Tasting note

A fine, delicately aromatic nose with aromas of peach, preserved lemon and dried mango, laced with honey and savoury notes. The palate is pure and fresh with depth of concentration, stone fruit, pineapple and citrus characters, and further savoury notes. Good acidity lends a fine, balanced complexity to a citrus finish.

## Food Match

Lovely with a goats cheese, basil and roasted red pepper salad; or turbot sprinkled with lemon juice and olive oil
